

Job Title: User Interface Software Engineer (m/f)
Position Type: Full-Time
Location: Coimbra, Portugal
Education: BS or MS in Computer Science or equivalent
Description: A User Interface Engineer at WIT-Software specializes in building responsive and elegant web UIs with AJAX and similar technologies as well as standalone applications for mobile phones, games consoles and PC. Your role is to design interfaces that simplify complicated concepts and processes.

- Candidate Profile:**
- 2+ years of experience in Web design.
 - Expertise in designing clean, intuitive interfaces and knowledge of current best practices; visual design skills and graphics software knowledge a plus. Demonstrated portfolio of work required.
 - Expert HTML and CSS skills, with cross-browser, cross-platform compatibility; familiarity with basic scripting, particularly Javascript.
 - Ability to drive projects from start to finish with minimal supervision and to juggle multiple projects and priorities in a fast-paced environment.
 - Excellent organization and communications skills, with experience communicating across groups.

Advantages

- 2+ years JavaScript/HTML/CSS ("AJAX") experience.
- Deep experience designing modular, object-oriented JavaScript.
- Experience with UI frameworks such as Flash and Flex.

About WIT Software

WIT-Software is a software company that creates smart applications and services for telecommunication and media companies. WIT provides technical consulting and software development for any company that wants to exploit the power of Mobile and Fixed Communications. The expertise on mobile technologies and software development allows us to deploy products and services for the mobile consumer and enterprise markets. We can provide enterprise application integration, develop applicational servers, client software for mobile phones, PC, game consoles and TV set top boxes. Our excellence in these areas has lead to strong strategic partnerships with companies like Vodafone Portugal, for whom we have been developing software products since day one.
