

We search for **young graduates** driven to enhance their **professionalism, credibility and desire to qualify as a technology consultant** in our **Technological Services Center in Évora**

IF YOU ARE...

- Recent Graduate** with **Bachelor** or **Masters degree** in **Engineering, Computer Science, Information Technology, Mathematics** or other similar areas;
- Fluent in **English**;
- Driven to **learn, adapt** quickly and **communicate**;
- Responsible**, with **initiative, creativity** and **driven for results**.

WE OFFER YOU the opportunity to **represent Capgemini**, and **its high standards**, when **providing development and application maintenance services** to our clients in our main partners technologies: **Microsoft, Oracle** and **Salesforce**.

Become a team member providing support and interacting with local or central Capgemini colleagues as needed, in order to provide solutions to customer issues.

Submit NOW your CV
to careers.pt@capgemini.com
with the reference **F1**.
