COLLEGE GRADUATES

Ready for the next step in your life?

WE OFFER YOU THE OPPORTUNITY

To build your career. We can help you grow, develop and improve your competencies, knowledge, technological and personal skills by integrating a senior team that will provide you with all the necessary training and support.

To be a part of Capgemini will give you the opportunity to interact and learn from our methodologies, experience and training programs and, at the same time, develop and manage relationships and customer solutions in technologically challenging environments where innovation and contribution is highly valuable.

YOUR RESPONSABILITIES

- Represent Capgemini and its high quality standards when providing **development and application maintenance services** to our clients in our main partners technologies: **Microsoft, Oracle, SAP and Salesforce**.
- Develop **customer focus skills** when interacting either with external or internal customers, being able **to provide solutions to complex business problems**.
- **Be a team member** providing support and interacting with local or central Capgemini colleagues as needed, in order **to provide solutions to customer issues**.

WE SEARCH FOR

- Bachelor or Masters degree in **Engineering, Computer Science, Information Technology, Mathematics** or other similar areas;
- Ability to learn, adapt quickly and communicate;
- Fluency in english;
- Responsibility, initiative, creativity and drive for results;
- Team spirit and analytical thinking.

ABOUT CAPGEMINI

Capgemini is the place where different people come together as one team, innovate and deliver results. With more than 135.000 employees worldwide, you'll gain access to an international network, community, world wide practices that will challenge you, your work and your growth.

That's why **we, at Capgemini, offer you an opportunity for a career** – not just a job!
