# Product size

# Product specification

<b>Configuration</b>	Smart mini garden +Led light
<b>Product size</b>	370 x 285 x 117 mm
<b>Packing size</b>	390 x 150 x 125 mm
<b>Power</b>	16V/1A
<b>input voltage</b>	100v ~ 240v
<b>Led lgiht</b>	8w
<b>Material</b>	ABS + Aluminum alloy
<b>Gross weight</b>	1600g
<b>Net weight</b>	1200g
<b>Accessory</b>	Planting medium , seeds
<b>Working life</b>	50000 hours
<b>Warranty</b>	1 year

# Installation and spare parts list

## Step 1 Open the box

# Installation and spare parts list

## Step 2 Open the planting cover

# Installation and spare parts list

## Step 3 Sow the seeds

# Installation and spare parts list

## Step 4 Add water

Fill to here

# Installation and spare parts list

## Step 5 Trun on the grow light or reading lamp

# Why is it clean

Planting medium is soilless which will not make table dirty.

Solid fertilizer planting.

Only add tap water.

The water is in a sealed box, it will not pour out.

# How to water

"adding-water" indicator light will flash when the basin body water level is low, add water to "Fill to here" position then indicator will automatically turn off.

# How to fertilize

When it is lack of water,it will automatically remind you.

When you add the water into the basin body ,you only need to add a bag of fertilizer to the water.

THANK YOU
